The Bristol Bay mailbox has received a dozen personal notes since the announcement this morning. Nine support EPA moving forward, two oppose EPA action and one asked a technical question. I think everyone has met Bobby during the assessment process, so I thought I would send his note along. Please let me know if you would like to see some of the e-mails or a compilation of what we receive.

Judy

EPA Team,

I am very thankful and relieved the process for the 404 (c) is beginning.

Bobby Andrew
